# FIND YOUR CENTER

*Jordan Creek Town Center presents a unique club just for women, sponsored by Mercy Medical Center*

BEAUTY | HEALTH | FRIENDSHIP | SHOPPING

*A* As part of “Find Your Center,” a new get healthy program from **Jordan Creek Town Center and Mercy Medical**

**Center**, we are excited to offer a unique club just for women. A club focusing on beauty, health, friendship, and shopping. **CELEBRATE** *you* is a great opportunity to meet new people, receive great discounts from participating mall merchants, learn about the latest women’s health information, and participate in events geared only towards women.

**CELEBRATE** *you* allows women over the age of 18 the opportunity to take some time for themselves. No matter what type of woman you are – a working mom, stay at home mom, working woman or new college graduate – this club will give you a great reason to take just one hour a month to celebrate you!

## **MEMBERSHIP** *benefits*

As a member of **CELEBRATE** *you*, you’ll receive a **discount card** to some of your favorite stores at Jordan Creek Town Center. When we receive your application form we’ll send you your card and a list of discounts.

**Every month, an hour-long seminar** will be held focusing on topics that pertain to women including fashion, cooking, exercise and nutrition, arts and crafts, stress, and family.

Members not only receive great discounts and an hour of valuable information, members are also eligible to win raffles, receive fun goodie bags, and most importantly, as a member, you will receive an **entire program dedicated to celebrating you!**

## WHEN *and* WHERE

Every last Thursday of the month, seminars will be held from 5:30-6:30 p.m. in the Jordan Creek Town Center Community Room, located near the movie theatres.

The **first half-hour** will be devoted to advice, tips or information on the latest and greatest products featured at Jordan Creek Town Center. The **second half-hour** will feature a health care professional from Mercy Medical Center who will present the most recent information on women's health including everything from heart health to cancer prevention.
